S I R:

In order to comply with discretionary regulations 37 CFR 1.97 and 1.98, attached hereto is a copy of Form PTO-1449 and copies of the non-US documents (if any) listed thereon. These documents contain information which the Examiner may consider to be important in deciding whether to issue a patent in the instant application.

For documents written in a language other than English, English language abstracts and/or explanations are annexed thereto explaining the relevancy in accordance with 37 CFR 1.98(a)(3).

Also attached is a copy of the International Search Report dated July 21, 1999 for the corresponding International Application PCT/JP99/01876. All of the documents listed in Form PTO-1449 appear in the International Search Report.

The present Information Disclosure Statement is being submitted in compliance with 37 CFR 1.56 as an Examiner might consider any cited document important in deciding whether to allow the application to issue as a patent, but the citation of each document is not to be construed as an admission that such document is necessarily relevant or prior art. No representation is intended that the cited documents represent the results of a complete search, and it is anticipated that the Examiner in the normal course of examination, will make an independent search and will determine the best prior art consistent with 37 CFR 1.104 (a), and in the course of such search will review for relevance every document cited on the attached form even if not initialed.

Applicant respectfully requests that the appended Information Disclosure Statement filed after payment of the issue fee and before granting of a patent on the above-identified application be placed in the file in accordance with 37 CFR 1.97, whether or not it will be considered by the Office.

Early and favorable consideration is respectfully solicited.

Any fee due with this paper may be charged on Deposit Account 50-1290.

Respectfully submitted,
